DUNCAN STEWARDSON

(360) 296-3089 ⋄ dstewtes@gmail.com

EDUCATION AND INTERESTS

Bachelor of Arts in Mathematics-Computer Science May 2026
Reed College, Portland, Oregon. GPA 3.89/4.0
Thesis: *An Exploration of Differentially Private Average Treatment Effect Estimation*
Thesis Advisors: Adam Groce and Grayson W. White
Minors in Dance and Linguistics

Programming Language Experience Python, C, C++, Javascript, Java, R
Interests Cryptography; Differential Privacy; Security, Privacy, and Fairness

PAPERS

- *Differentially Private Average Treatment Effect Estimation by Propensity Score Blocking*
  Stewardson D., White G., and Groce A.
  In submission (2026). arXiv preprint.

SCHOLARSHIP AND AWARDS

Phi Beta Kappa Membership 2026
Awarded by Beta of Oregon

Commendation for Excellence in Scholarship 2023, 2024, 2025, 2026
Awarded by Reed College

Summer Research Fellowship 2024, 2025, 2026
Awarded by Reed College

RESEARCH EXPERIENCE

Exploring uses of differential privacy for Forest Inventory and Analysis September 2026 – May 2027
Advisors: Adam Groce and Grayson W. White of Reed College.
Corresponding with George Gaines, PhD. of The United States Forest Service
Funded by USFS grant

Differentially private average treatment effect estimation September 2025 – July 2026
Advisors: Adam Groce and Grayson W. White of Reed College.
Funded by Reed College Summer Research Fellowship

Fair hierarchical clustering May 2025 – August 2025
Advisor: Harper Knittel of Reed College.
Funded by Reed College Summer Research Fellowship

Differentially private machine learning May 2025 – August 2025
Advisors: Erica Blum and Adam Groce of Reed College.
Funded by Reed College Summer Research Fellowship

OTHER WORK EXPERIENCE

Teaching Assistant for Reed College Computer Science Department
Professors: Adam Groce, Erica Blum, Charles McGuffey, Harper Knittel

· CSCI/MATH 382 Algorithms and Data Structures September 2024 – May 2025; January 2026-May 2026
· CSCI 389 Computer Systems September 2025 – December 2025
· CSCI 121/221 Introduction to Computer Science I/II August 2023 – May 2024

EXTRA-CIRRUCULAR

Competitive Scottish Highland Dancer 2010-Present

- Qualified for the United States Interregional Championship nine times
- Placed top five overall at the Uniter States Interregional Championship 2023, 2024, 2025, 2026
- Qualified for, then placed 15th overall at the World Championship August 2023

Member of the British Association of Teachers of Dancing 2024-Present

Professional Member of Scotdance USA 2024-Present
